FRANK J. NEY EXPANSION PROJECT UPDATE

Dear Parents and Guardians at Frank J. Ney Elementary:

As you may have heard, the district has begun the process on the construction of an addition at your school. It is expected that a contract will be signed at the end of this month, with construction to begin this summer.

Understandably, this may cause a disruption to the surrounding areas of the school as machinery will be brought onto the site until the expected completion before the 2018-19 school year begins. The district has received assurance that this will not disrupt classes in the next school year.

In the meantime, some of you may have already noticed that a [webpage](#) has been available for anyone looking for updates on the project. It is here where you will find the original and updated Project Identification Report along with exterior and interior renderings of the new addition. The renderings found on the webpage were created for the tendering process.

The district will continually post updates to this page when they become available. You may also find the webpage by visiting sd68.bc.ca>Quick Reference Links>Frank J. Ney Project.

Should you have any questions, feel free to email communications@sd68.bc.ca and your inquiries will be answered accordingly.

Sincerely,

A handwritten signature in black ink that reads "Tim Davie". The signature is written in a cursive style with a large, stylized initial "T".

Tim Davie
Assistant Superintendent
