TEMPERATURES – To help conserve energy during spring break, daytime temperatures in Nanaimo Ladysmith Public School buildings will be reduced. The temperature in every school will be lowered to the regular night time level – between 16 and 18 degrees Celsius for the entire two weeks, starting the evening of Friday, March 17. Temperatures will be back to normal on Monday, April 3.

This is an important initiative in Nanaimo Ladysmith Public School's quest to reduce its carbon footprint and become more environmentally sustainable.

For schools that have the temperature indicated on a thermostat, if the temperature goes below 16 degrees Celsius, please call in to the operations or maintenance department.

If you have any questions or concerns, please contact Maintenance at 250 741-5242.

NETWORK – On Friday, March 24, Information Systems will be running a test of the network. Expect a brief interruption starting at 4 p.m.

INPUT – The City of Nanaimo is in the process of developing a new website and is looking for input from the public through beta testing. There will be an information session for interested beta testers on Tuesday, March 28 from 5 to 7 p.m. in the Service and Resource Centre Boardroom, 411 Dunsmuir Street.

Please RSVP to feedback@nanaimo.ca if you wish to attend. More information is [available here](#).
