DRAFT

3.8 Transportation

The Board of Education believes in providing eligible students with safe and reliable transportation in a fiscally and environmentally responsible manner. The Board further believes that it may pay all or part of the conveyance of students by school bus or through transportation assistance.

Transportation to and from catchment schools is based on the following guidelines:

1. Special Needs
2. Safety and Hazards
3. Distance and Geography

The Board, while recognizing that it is not required to provide bus transportation to bring students to and from school, shall make provisions for school bus transportation within the above guidelines and administrative procedures as established by the Superintendent of Schools.
