

Engagement Framework

Long Range Facilities Plan Engagement Principles, Goals and Objectives

PRINCIPLES

ENGAGE in an authentic, inclusive and meaningful way

DEVELOP relationships to achieve shared goals and consider each other in decision making

LISTEN in order to make decisions that are best for our students

GOALS

LISTEN, learn and acknowledge stakeholder concerns

PROVIDE balanced and objective information to assist our stakeholders to understand the key issues facing the school district

SEEK input on potential alternatives and use it to inform Board of Education decisions

COMMUNICATE how the input influenced the decision

OBJECTIVES

MEET with specific community, Aboriginal and local government groups to introduce them to the process, encourage their involvement and the involvement of their members

USE creative strategies and a variety of online engagement, face-to-face tools, and traditional media to share information and to get input that enhances mutual understanding amongst all stakeholders

REPORT back on “what we have heard” at each stage of the engagement process through a variety of tools
