RE: Student safety concerns regarding scooter and electric scooter use on sidewalks

July 14, 2026

Dear Heather,

Thank you for taking the time to write to us regarding your concerns regarding scooters and e-scooters on sidewalks in Ladysmith.

Since the spring, we have been sharing with our families in our school and district newsletters the electric scooter regulations including the need for riders to be over the age of 16.

Prior to the start of school this September, we will be providing additional communications regarding e-scooters and safe transportation with our families.

Kind regards,

Gillian Robinson
