

Facilities Update – Wednesday, November 20, 2019

The Ministry of Education has approved Capital Funding for the deconstruction of the two classroom Extension School building, located at 2120 Ryder Street. The funding agreement, made on September 19, 2019, stipulates the project must be completed by March 31, 2020. The project will be completed in two phases:

- Phase 1 – Hazmat Abatement
- Phase 2 – Deconstruction

Through an invited tender process, Nanaimo Ladysmith Public Schools hired Propacific, a qualified hazmat abatement contractor, who began the abatement work November 18, 2019.

Deconstruction is proposed for early 2020 and is estimated to last six weeks. A public tender will be posted for deconstruction services towards the end of November. Should you have any questions, please email communications@sd68.bc.ca.
