

IXL Math

IXL helps students master essential skills at their own pace through fun and interactive questions, built in support and motivating awards.

Summary of the Privacy Assessment

Data Collected

- Students may log-in using their google identities or they may be assigned usernames by their teacher
- Learning activity information is also collected/student generated data.

Personal Information is used for or shared with...

- They use information to provide and maintain the Service and to improve, personalize, and develop the Service.
- They also use personal information to communicate with the user.

Security

- IXL has implemented a variety of physical, administrative and technological safeguards designed to preserve the integrity and security of the personal information we collect and to protect against unauthorized access to data.

Data storage location

- Personal information collected through their Website and Service may be stored and processed in the United States or any other country in which IXL or its affiliates or service providers maintain facilities.

Data review/retention

- Student data can be managed or deleted at the school level
- IXL will retain personal information for as long as needed to provide the Service and for our internal business purposes, which may extend beyond the termination or cancellation of your subscription or user account.
