

RE: Request for the addition of bus stops on the Mountain View route

To Dennis Kruk,

Thank you for your letter dated January 11, 2023, which requested that the school district add two stops along the existing Mountain View bus route. Your correspondence was shared with the Nanaimo Ladysmith Public Schools' Board of Education at a meeting held on Wednesday, January 25, 2023.

On behalf of the Board, I would like to inform you that the standard process to discuss these matters occurs during the annual transportation review process which, coincidentally, takes place this Wednesday, February 8 at the business committee meeting. Your request will be discussed and will be addressed in the same manner in which our Transportation Department determines new routes and/or stops.

Additionally, your letter was shared with our Manager of Transportation to ensure your inquiry receives full attention.

Sincerely,

Greg Keller
Board Chair
