

**DISPATCHING PARAMETERS**

Absences or confirmed jobs can be viewed 24 hours a day, 7 days a week.

Absences for the next day will be dispatched in the evening between 6:00 p.m. and 10:00 p.m. Emergency current day absences will be dispatched starting at 6:00 a.m. ADS will dispatch Monday to Friday morning for absences and from Sunday evening to Thursday evening for assignments up to 15 days in advance.

If there is no answer at the Casual's primary phone number, ADS will call the second phone number (if one has been provided). If a Casual cannot be contacted at either number, ADS will move to the next Casual in the rotation.

Dispatched Casuals will be notified of changed or cancelled assignments during either the evening or morning call out times.

ADS will not call (or consider) Casuals who have indicated they are Unavailable or Working during any part of a newly logged Absence.

If you turn down a job, it is important to indicate why (see Refusal and Unavailability Codes inside this pamphlet) rather than just hanging up. If you **hang up** without entering a Refusal Code, the system **will not call you back during that calling period**. You must select a Refusal Code if you want ADS to call you for other jobs during that calling period.

ADS considers a hang-up (or any loss of contact after identification has been confirmed) to be the equivalent of a Refusal and will go on to the next Casual in the rotation.

If ADS calls and the call is picked up by an answering machine, the system will hang-up.

The system will allow 6 rings at a phone number before proceeding to the next call.

Note: Cell phone coverage in the Nanaimo area has proven to be unpredictable. We recommend that Casuals be available to receive ADS calls on their "land" lines during the call-out period to ensure a reliable connection. Loss of work due to inconsistent cell phone coverage is not the responsibility of the District.
