**RE: Board Correspondence - Youth Group at Fairview School**

To Ms. Joy Dubé,

Thank you for reaching out to the school district regarding the youth group associated with Compass Church. Also, I see you are a retired teacher, thank you for your years of commitment to education!

Though this global pandemic, I want you to know that I understand the daily challenges many of our students face. In my years since working in the Learning Alternatives department to where I am today, I witness firsthand how students thrive in various learning and social settings. We as a district take great pride in the many options we provide our students.

Given our current COVID-19 restrictions, districts must adhere to the direction of the Provincial Health Officer, BCCDC and the Province of B.C. As you can imagine, there are many health and safety procedures to follow. Therefore, it is at this time that after-hours use of schools remain closed to community organizations.

Once the restrictions lift, community organizations may once again book spaces by contacting our Rentals Department.

Sincerely,

Scott Saywell  
Superintendent/CEO
